

**INFINITY BUSINESS SYSTEMS NAMED ORLANDO'S OUTSTANDING SMALL BUSINESS
FOR THE MEDIUM DIVISION BY THE ORLANDO BUSINESS JOURNAL**

Tampa, FL- September 21, 2009- Infinity Business Systems (infinitybsystems.com), a leading provider of managed IT services and hosted solutions for small and medium-sized businesses, has just been named as Orlando's Outstanding Small Business for the Medium Division by the *Orlando Business Journal*. The criteria that Infinity Business Systems was chosen for was based on its performances and client relationships within the Orlando area. The *Orlando Business Journal* published this award Friday, September 18, 2009.

One of Infinity's largest clients in the Orlando market is Orlando Science Center. Chief Financial Officer of the Orlando Science Center, John Malozzi, remembers his reservations about outsourcing his information-technology work two years ago. "Anytime you outsource something, you lose a little control," he has said. However, he has felt very differently after meeting and working with Tampa-based Infinity Business Systems. Malozzi hired Infinity to handle all the science center's computer and network systems and support. John now gushes about his firm of outsourcing, saying, "They really won me over," and "They're a very competent organization."

Infinity's success can be attributed to its ability to stay at the forefront of technology. From the beginning, Infinity Business System has remained innovative, client focused, and results-oriented. Having achieved 100% growth each year since its inception in 2003, Infinity will continue to uphold its reputation for quality services while maintaining strategic partnerships with all of its clients.

About Infinity Business Systems

Infinity Business Systems (IBS) is a leading provider of technology consulting and IT management solutions. IBS' managed solutions offer clients the comfort of a monthly, fixed price solution with a service model based on preventative maintenance and rapid problem resolution across a client's entire IT infrastructure. Infinity clients focus on running their business instead of keeping their business running. Infinity Business System's services include managed services, computer repair, IT consulting, network security, computer monitoring, remote help desk, and computer and network management.

Infinity Business Systems Corporate Headquarters is located at 4801 George Road Suite 150, Tampa, FL 33634. Additional offices are located in Orlando, Sarasota, and Atlanta. To learn more about Infinity Business System's Managed IT Services, call (877) 977-4427 or visit www.infinitybsystems.com.
